## About NIET

Noida Institute of Engineering & Technology (NIET), Greater Noida, is one of the premier autonomous institutes for Engineering and Management in India's National Capital Region (NCR). Established by visionary leaders of the City Educational & Welfare Society, Meerut, the institute is committed to delivering value-based education with a global perspective. The Society also manages several esteemed educational and healthcare institutions, including City Vocational Public School (CVPS), Pyramid Finishing School, Dayanand Nursing Home, Chandra Sen Charitable Hospital, and Om Diagnostic Center. NIET distinguishes itself as the only institute in Uttar Pradesh recognized by three major government accreditation bodies: NAAC with an A Grade, NBA for its programs in CSE, ECE, ME, IT, BT, MCA, MBA, and Pharmacy, and NIRF, where it consistently ranks in the 101-150 band among engineering institutions nationwide. With a strong focus on academic excellence, industry-oriented learning, and holistic development, NIET continues to be a leader in shaping future-ready professionals.

## About the Conference

The School of Computer Applications offers three flagship programs: MCA, Integrated MCA, and BCA. The School is committed to nurturing world-class talent for the IT and Computer Science industry, producing skilled and ethically sound software professionals each year. With a strong emphasis on concept-driven subject knowledge, delivered through high-quality teaching and practical training, the School strives to shape some of the brightest minds in the field of computing and technology.

Our vision is to create technologically adept, ethically grounded, and globally competent professionals equipped to meet the evolving demands of the industry. We aim to foster an entrepreneurial spirit, promote technology-enabled quality education, and encourage students to approach industrial challenges with innovation and creativity. Additionally, the School is dedicated to instilling a lifelong learning mindset, broadening global perspectives, and nurturing a sense of social responsibility and ethical conduct among its students.

## Conference Objective

The National Conference on Advances in Computational Techniques and Research Practices Using Emerging Technologies, organized under the AICTE AQIS GOC Scheme 2025-26, aims to serve as a premier platform for academicians, researchers, scholars, students, and industry professionals. The conference seeks to explore and discuss recent advancements, innovative methodologies, and practical applications in the field of computer applications. We cordially invite you to contribute to this intellectual exchange by submitting your original research papers and be a part of this significant academic event.

## About AICTE

The AICTE Act was enacted to establish the All India Council for Technical Education with the objective of ensuring the planned and coordinated development of the technical education system across the country. It aims to promote qualitative improvement in technical education alongside planned quantitative expansion, while ensuring the regulation and maintenance of norms and standards. The Council's mandate encompasses programs related to technical education, training, and research in diverse fields such as Engineering, Technology, Architecture, Town Planning, Management, Pharmacy, Applied Arts and Crafts, Hotel Management, and Catering Technology at various academic levels.
